Das Auto.

Accessories for the Passat and Passat Estate

VOLKSWAGEN ACCESSORIES.

100% VOLKSWAGEN.

Every single Volkswagen Genuine Accessories product is developed in parallel with the vehicle itself and manufactured out of high-quality materials using state-of-the-art production processes. The perfectly fitting products are only included in the Volkswagen Genuine Accessories range after they have passed the strict safety tests which exceed the legally required standards. So that you stay safe and satisfied. And your Volkswagen stays a Volkswagen.

Product characteristic pictograms.

Products from Volkswagen Accessories have many unique characteristics. These pictograms provide especially interesting information.

- Tool-free installation
- Load capacity
- Eco-friendly
- Customised colour possible
- Volkswagen City Crash test
- Product innovation
- Can be used in various models
- Wheel enhancement
- Fuel efficient
- Recyclable

The vehicles shown in this brochure are occasionally pictured with additional accessories or special fittings.
These, along with any decorative elements depicted, are not included in the scope of delivery of the product described.

Reliable Complete Wheels.

Knowing what counts. Our manufacturer Expertise.

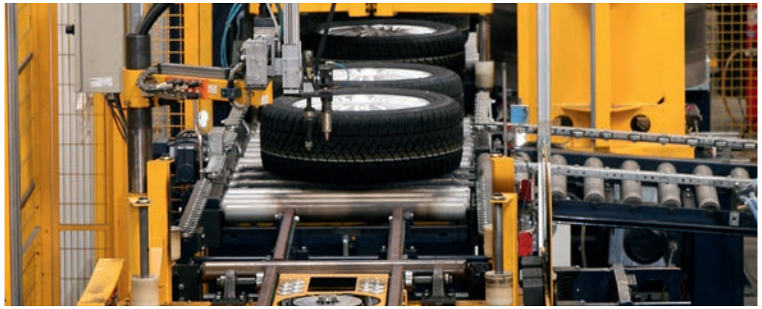
Our complete wheels deliver everything that Volkswagen Accessories stands for: ultimate quality, maximum safety and fresh design. There's hardly a component that bears as much responsibility as the wheel. Both for road safety and the overall vehicle look. Once more our complete wheel selection delivers a range you can depend on. In every sense.

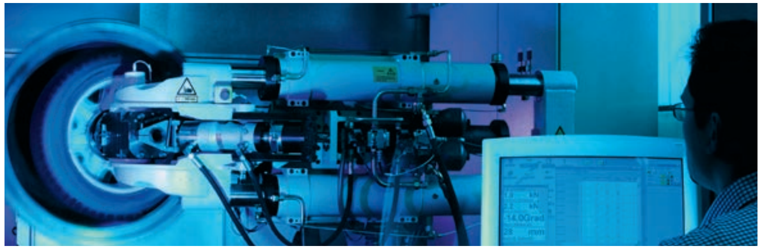
Complete wheels by Volkswagen Accessories are perfectly tailored to suit each individual Volkswagen model. Our developers draw on their longstanding experience to create the perfect wheel-tire-vehicle combination and hence ensure that every single one satisfies the high standards Volkswagen places in quality and safety. We focus first on technical adaptability – in addition to axle loads we also make sure the engine type and brake specs are ideally matched.

Extreme endurance athlete. Choice premium tires.

Over the course of its average lifetime a wheel will travel once round the world, maintaining firm contact between the vehicle and the road. Its design must suit a breathtaking array of road surface conditions while simultaneously delivering a high standard of reliability – so for us, everything starts with first-class tire quality. Based on our cooperation with leading manufacturers of premium tires, our complete wheels always remain in optimum contact with the road – meter for meter.

Simply scan the QR code and immediately discover Volkswagen Accessories' entire world alloy wheels and complete wheels!





Perfect interplay. Mounting complete wheels.

State-of-the-art production facilities ensure fully automatic mounting – the rim and the tire are merged to form a high-quality unit. Precise manufacture under temperature-controlled conditions keeps the high quality of our complete wheels constant – offering you other tangible benefits, also:

- perfect radial and axial runout measurement for each wheel
- residual out-of-balance control, tailored to the specific vehicle
- expert warehousing of complete wheels until shipping

Only the best prevail. Volkswagen Genuine alloy wheel rims.

- Strength tests check the wheels when overloaded, when suffering impacts and when cornering.
- The material and surface are tested for tensile strength, strain properties, scratch and corrosion resistance.
- Vehicle tests examine the complete wheels under harsh conditions on the test track.
- The endurance testing using a bi-axial wheel test bay simulates the greatest possible loads

The attractive alloy wheels for the summer deliver a convincing combination of timeless design and high quality.

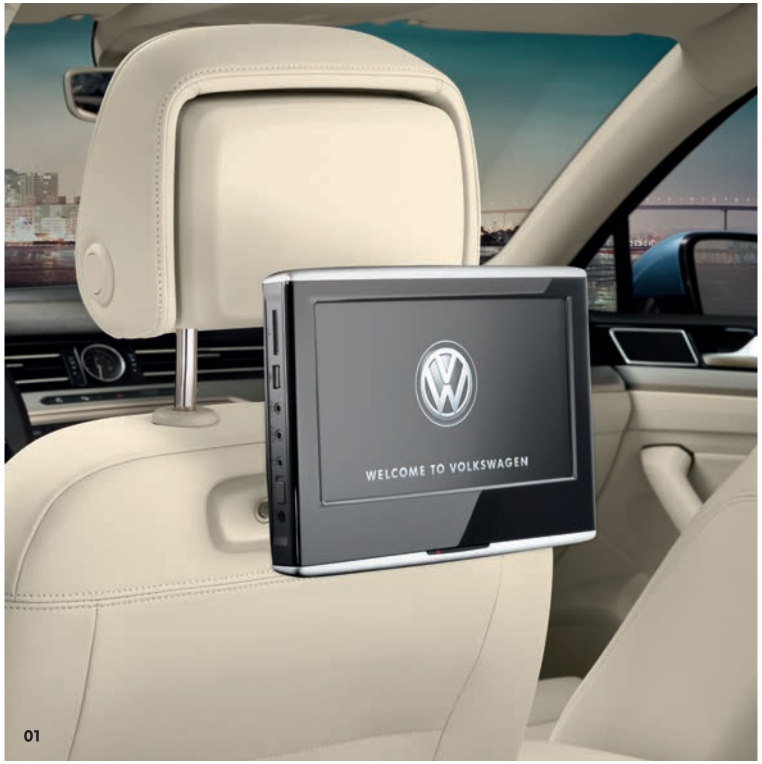
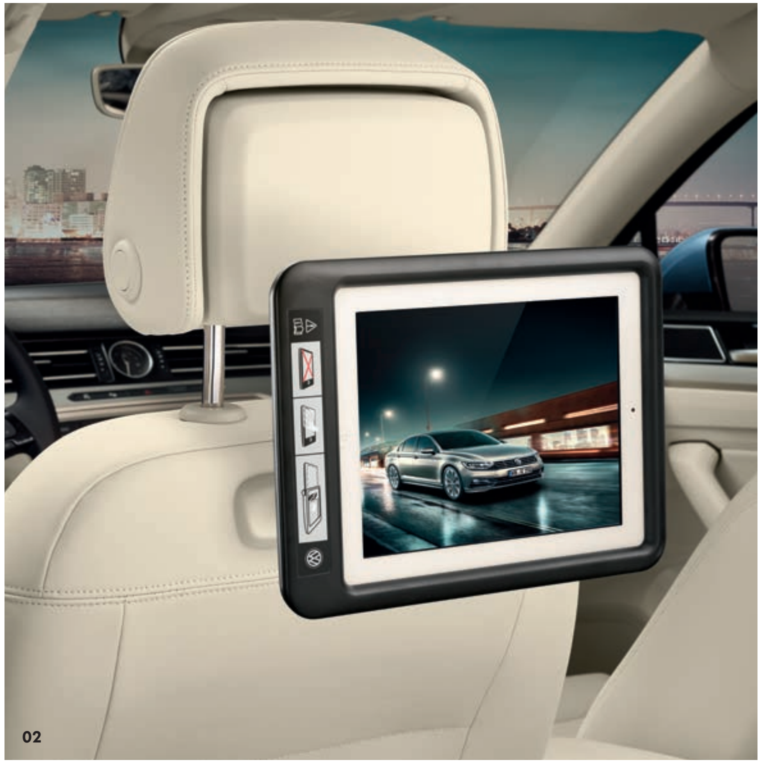
Art. no. 000.071.215	**Suitable for rubber and metal valves**

Networking done differently.

Give yourself a break from social media and small talk and try out a special kind of networking: switch on and enjoy. Thanks to Volkswagen Accessories your Passat not only opens up the door to all possible entertainment channels, but also spoils you with all-round compatibility.

Note
Figure left shows:
Rear Seat Entertainment Page 16,
Bluetooth headphones Page 16,
G2-3 ISOFIT child safety seat Page 40





01 Volkswagen Genuine Rear Seat Entertainment[1]
The Rear Seat Entertainment offers rear seat passengers a comprehensive multimedia programme. It is perfectly adapted to the Passat and meets Volkswagen‘s high convenience and safety standards. Includes DVD player, remote control and removable bracket as well as a rechargeable battery.
Bluetooth headphones are optionally available (see right).

Art. no. 000.063.500.J	**1 piece**
Art. no. 000.063.500.K	**2 pieces**

02 Volkswagen Genuine iPad connection[1]
The iPad connection combines entertainment, user friendliness and a high level of safety for passengers in the rear of your Passat. The set includes the removable bracket for the Volkswagen Rear Seat Entertainment, plus an adapter for the iPad for use in the rear seats. The iPad can be used both horizontally and vertically. A protective film for the iPad display, included in the scope of delivery, provides additional protection in the event of a crash, for example against splintering of the glass display. See the attached price list for an overview of all available versions.

A separate iPad adapter is also available to connect an iPad to an existing bracket for the Volkswagen Rear Seat Entertainment. For an overview of all versions available, see the attached price list.

03 Volkswagen Genuine Bluetooth headphones for Rear Seat Entertainment
The Bluetooth headphones for the Rear Seat Entertainment are impressively simple to use. All of the components have been subjected to extensive testing together with the vehicle to ensure optimal functionality and maximum safety. The headphones can use both normal and rechargeable batteries. A charging cable for the rechargeable batteries already included in the scope of delivery can be ordered separately.

04 Tablet holder

A real pleasure and comfort for all the fellow passengers. The innovative tablet holder permits comfortable and flexible use of your tablet PC at the rear of the vehicle. The tablet can be used both in vertical and horizontal format thanks to the swivelling axis. The desired angle is lockable. The travel and convenience system base module for the connection of the tablet holder to the head rest must be ordered as an optional extra.

Note

You can find the complete modular travel and convenience system on page 36.

iPad/iPad Air/iPad mini are registered trademarks of Apple Computer International.
Galaxy Tab is a registered trademark of Samsung Electronics Co., Ltd.

05 DAB+ retrofit kit

DAB+ reception for all car radios! With the DAB+ retrofit, any RDS radio can receive DAB+ (digital radio plus). Adding DAB+ reception to the existing car radio provides access to a wide selection of digital radio stations. Connection to the car radio is wireless via an FM transmitter. It is easy to operate, user-friendly and intuitive and works via the supplied remote control which harmoniously integrates into the vehicle's interior. Additional external audio sources, such as MP3 players and iPods, can be connected via the device's AUX IN jack.

Art. no. 000.063.212

06/07 Plug & Play Sound System

A rich sound for your vehicle with the sound system from Volkswagen Accessories. The system consists of an amplifier with an integrated digital sound processor and a total output of 300 W sine/480 W music along with a powerful subwoofer. In addition to musical enjoyment of the highest level, the system sports an impressive range of vehicle and driver-specific sound setups which optimally match the vehicle's configuration and can be programmed at the dealership. The system utilises the vehicle's existing speakers and can be installed in the spare wheel well. In vehicles with a spare wheel, the sound system can also be installed in the luggage compartment. In this case it is attached using a hook and loop system.

Art. no. 000.051.419	**For the spare wheel well (Fig. 06)**
Art. no. 000.051.419.A	**For the luggage compartment (Fig. 07)**

Note

Full multimedia: Thanks to MirrorLink you can use compatible apps from your smartphone directly on the vehicle‘s own multimedia system!

01 Volkswagen Genuine CarStick
Set up a WiFi hotspot in your Passat in next to no time: Simply place a suitable SIM card[1] in the Volkswagen Carstick, connect with the Discover Media navigation system and straight away you can dial into your own on-board WiFi system with as many devices as you wish. The CarStick can, of course, also be used to generate an internet connection for the mobile online services (Volkswagen CarNet) Simply place it into the vehicle‘s existing USB socket and away you go.
Art. no. 000.051.409.B

02 Volkswagen Genuine LinkKit
The LinkKit can be attached to the centre console on the front passenger side and is compatible with a number of different mobile telephones. The folding mechanism on the universal mobile telephone aerial coupling pocket ensures that the device is safely fixed into place and it can be comfortably removed by pressing the release button. The aerial connection on the pocket can be connected to a window aerial or external aerial. This significantly improves the reception quality and reduces power consumption.
Art. no. 000.051.706.A

03 PhoneKit Bluetooth hands-free system
The PhoneKit enables you to make telephone calls and keep your hands on the steering wheel while driving. By getting rid of the additional functions you rarely need, you can concentrate on what really matters: the road. The light-up 3-button remote control, the only visible part of the hands-free system, is easy to install and simple to use.
Art. no. 000.051.433.L

04 MirrorLink activating document[2]
The MirrorLink function can be retroactively activated in your vehicle using an activation document and causes the mobile telephone display to be mirrored onto the display of the radio system or radio-navigation system. Some Volkswagen apps such as “Think Blue. Trainer.” can thus also be used while driving[2]. In addition, there will soon be further providers of approved, MirrorLink-capable apps.
A compatible smartphone and the Composition Media or Discover Media multimedia system is necessary to be able to use the function. The connection is made using the USB connection.
Art. no. 5G0.054.830

[1] A SIM card and the mobile data use are not included in the scope of delivery and must be obtained from a suitable mobile telephone provider. Depending on the provider, additional costs will be incurred for the data use.

[2] Driver distraction may lead to accidents and severe injuries. The driver may therefore not use this equipment when driving.

05

05 LogBox/Race-App[1]
Drive like a professional: Thanks to the Volkswagen Accessories LogBox and the free of charge Race-App[1] this could soon be more than just a dream. By integrating the LogBox into your vehicle you will be able to record an extensive array of vehicle data, such as **A**. Acceleration, **B**. Speed, **C**. G-forces and **D**. Route display, plus comprehensive statistics, which can be sent via Bluetooth to the Race-App[1] and analysed.
Art. no. 5GV.051.629

Be ready to race in no time at all:

- Have a Volkswagen dealer install the LogBox in the vehicle
- Download the Race-App free of charge from the App Store[2] or Google Play[2] and launch the app
- Connect your smartphone to the LogBox via Bluetooth
- Secure the smartphone in a suitable holder in the vehicle
- Find a designated racing track – and you are ready to go!

---

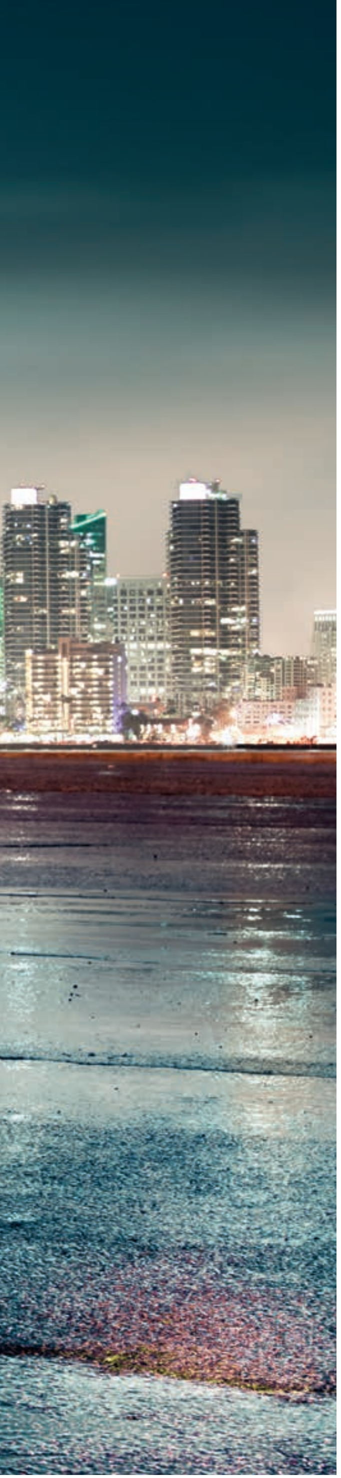
WOB OZ 1700
WOB OZ 1800

WOB OZ 1800



Quality is when things simply fit.

For all those who want more: even more.

More intelligent transport options, for instance. Or more tested safety features. Or simply more of the trusted quality of Volkswagen Genuine Accessories. A trust which is not simply given to the genuine parts but which has to be earned again and again, day after day. Through materials which simply combine better, product designs which simply look better and functions which simply open up additional opportunities. In other words: with the clear desire to make good things better every day. More beautiful, more functional and safer.

Uncompromising satisfaction.

Harder, stricter, further, more - the Volkswagen test procedures go beyond the legally prescribed standards. In terms of materials, in the laboratory and finally on the test track. Only 100% quality products are given the Volkswagen Genuine name. No compromises.

Laboratory testing: Corrosion test in saltwater spray systems, UV resistance, environmental compatibility and many additional laboratory tests examine all the relevant material properties. The climate chamber subjects the products to extreme temperatures. The components‘ function must be guaranteed and unimpaired at all times.

Endurance: Whether short distances, high-speed or route profiles of varying difficulty – durability under continuous load conditions is tested. The special road endurance test is carried out using the maximum permissible load and a variety of different testing profiles.

Test track: Test drives with maximum acceleration both forwards and to the sides, for instance by weaving around obstacles, emergency braking or over cobblestones subject the accessories to extremely hard tests over and over again.

Volkswagen Accessories.
Because genuine quality is always worthwhile.

Volkswagen
Volkswagen

Genuine quality is always worthwhile:

- An absolutely perfect fit
- Intensively tested safety
- Easy fitting and removal
- Sophisticated system solutions
- High design standards

City Crash Plus
max. 100 kg

01

02

City crash test. Because safer is better.

Volkswagen's in-house crash tests are carried out at speeds higher than those required by DIN 75302, ISO/PAS 11154 and the "City Crash" test – Because Volkswagen believes that its own "City Crash Plus" at 30 km/h and a 20 % overload on the roof is more realistic than the standards set by DIN and ISO. The City Crash test simulates a rear-end collision in the inner city at a moderate speed of approximately 17 km/h. Although carried out by "Stiftung Warentest" and the "ADAC", it is not a legal requirement.

City Crash Plus

01 Volkswagen Genuine Supporting rods
The perfectly fitting supporting rods are made of aerodynamically designed aluminium profiles and are not only City Crash[1] tested but have also passed the even stricter standards of the Volkswagen City Crash Plus test. They serve as the basic system for all attachments and are robust yet light and, above all, can be quickly attached to the roof rail. The anti-theft locking equipment protects you against any nasty surprises. Only for the Passat Estate. For cars without roof rails, the roof bars form the system basis (see below).
Art. no. 3G9.071.151

Volkswagen Genuine Roof bars
(not illustrated)
Well-equipped on the move – thanks to the Volkswagen Accessories roof bar systems. The basis for this are the perfectly-fitting aerodynamically-shaped aluminium profile roof bars to which, for example, surf board, bicycle, ski and snowboard holders or the practical roof boxes can be attached to the vehicle roof in no time at all. The roof bars are pre-assembled and not only City Crash[1] tested but have also passed the even stricter standards of the Volkswagen City Crash Plus test. The easy-to-install aero profile minimises wind noise. Only for the Passat Saloon
Art. no. 3G0.071.126

---

[1] City Crash-tested in accordance with ISO/PAS 11154

City Crash Plus
max. 17 kg

03

02 Surfboard holder
Bringing your surfboard safely to its destination: The rubber-coated surfboard carrier and a special rubber protector for the metal clamps on the tensioning straps provide extra protection during transport. Suitable for one surfboard with a two-piece mast.
Art. no. 000.071.120.HA

03 Volkswagen Genuine Bicycle holder
The aerodynamic bicycle holder is made of UV-resistant plastic and is fitted onto the supporting rods or the roof bars with chromed steel brackets. The bicycle automatically slides upright into the self-adjusting wheel receiver, leaving both hands free for fastening. The completely pre-assembled holder is lockable and not only City Crash[1] tested but has also passed the even stricter standards of the Volkswagen City Crash Plus test. The maximum load-bearing capacity is 17 kg.
Art. no. 6Q0.071.128.A

04

05

05

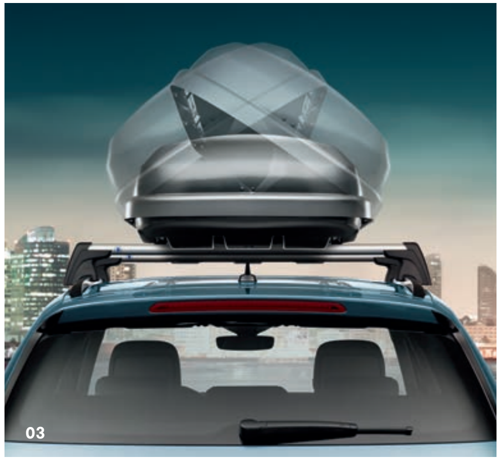
Note

The practical pull-out function makes the ski and snowboard holder very easy to load and unload.

04 Volkswagen Genuine Kayak holder
No bouncing, no slipping: developed specially for kayaks up to 25 kg in weight, the holder adapts itself perfectly to the shape of the kayak. Four moveable rubber supports secure the kayak during transport. Strong tension belts ensure that the kayak is well fastened.
Art. no. 1K0.071.127.A

05 Volkswagen Genuine Comfort ski and snowboard holder
The aerodynamically designed aluminium ski and snowboard holder can be easily installed on the supporting rods or on the roof bars and is lockable. Thanks to the practical pull-out function, the ski holder can be easily loaded and unloaded. The extra-large opening buttons mean that it remains easy to use, even when wearing thick ski gloves. Also available without pull-out function. Also suitable for transporting a wakeboard. For an overview of all versions available, see the attached price list.

Volkswagen
03
max. 75 kg
City Crash Plus



Note

The innovative DuoLift system enables the roof box to be opened from both sides without any problems.

01 Roof box, black matt

The roof box with a volume of approx. 340 litres has an optimised aerodynamic design that minimises unpleasant driving noises as far as possible. The roof box has been adapted to the modern design line of the new Volkswagen models. It opens from one side and is equipped with a 2-lock system. Thanks to the Comfort sliding fitting system, the box can be fitted onto the supporting rods or the roof bars in a few easy steps.

Art. no. 000.071.200

02 Volkswagen Genuine Ski bag

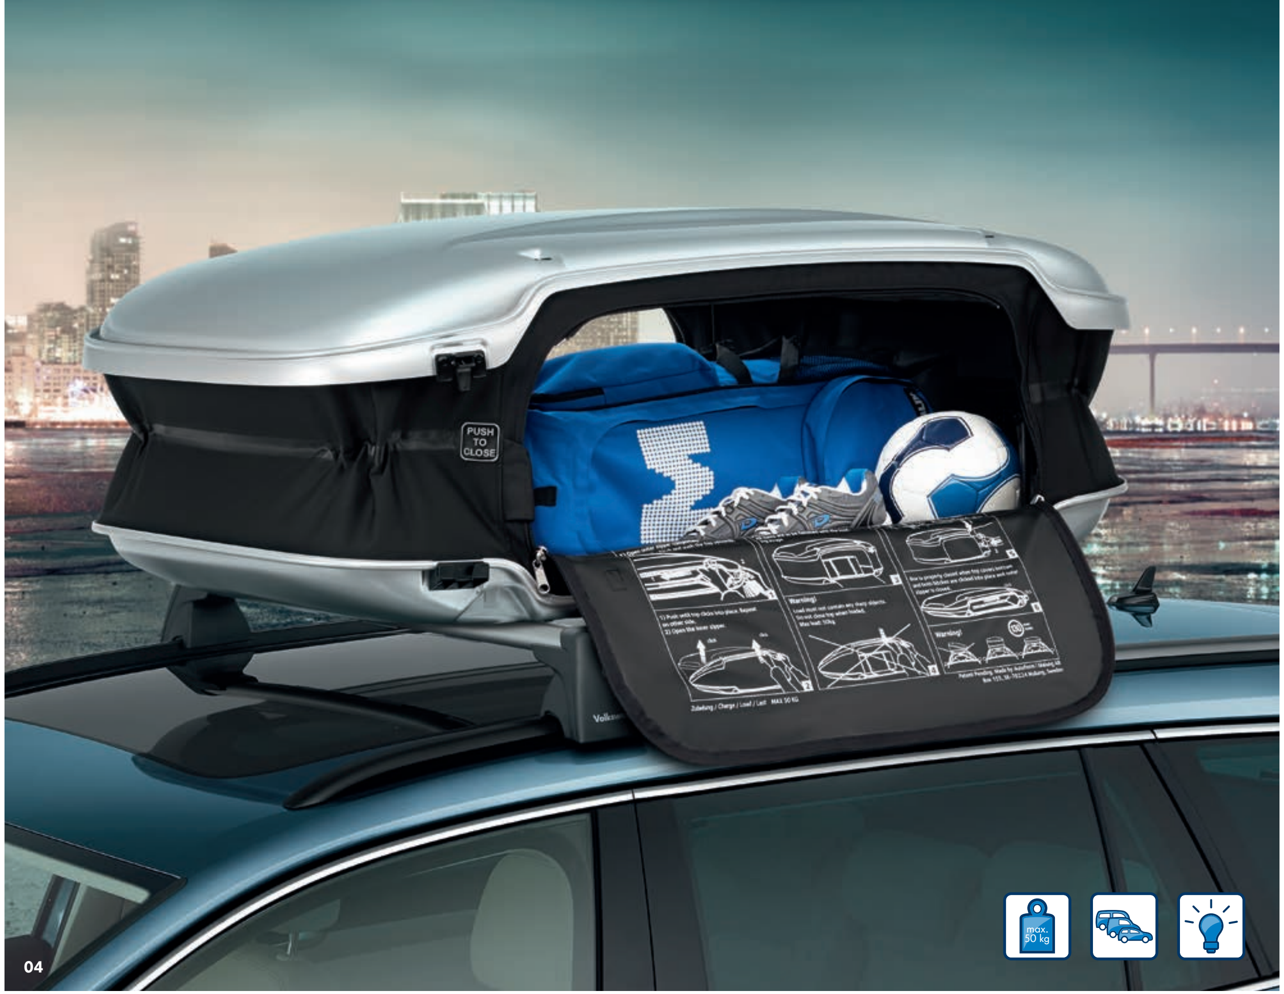
(Figure shows the ski bag with storage bag)

The practical ski bag is intended for the protection and transportation of up to four pairs of skis, including ski sticks, in the roof box or in the interior, using a belt clipped into the belt buckle. The ski bag can be stowed in the optional space-saving storage bag.

Art. no. 00V.061.202	**Ski bag**
Art. no. 00V.061.201	**Storage bag**

03 Volkswagen Genuine Roof box

The aerodynamic, City Crash Plus tested roof box impresses with its minimal driving noise and quick and easy fitting using a quick-clamping unit. The box is fixed to the carrier through pumping movements of the quick-action clamping mechanism. Further highlights include comfortable and easy opening from both sides thanks to the innovative “DuoLift system” and the pneumatic springs integrated at the front and rear as well as optimal anti-theft protection through a 3-point central locking system. The roof box manufactured from DUROKAM® thermoplastic is UV-resistant, light, dimensionally stable, impact-resistant and durable. Max. carrying capacity: 75 kg. Colour: Titanium metallic. For an overview of all versions available, see the attached price list.



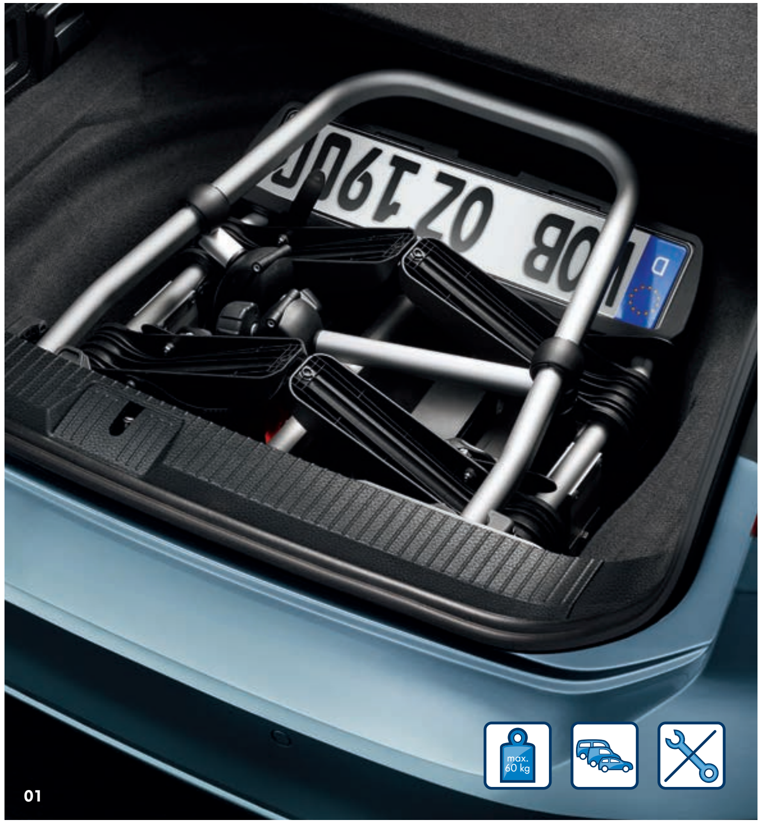
04 Urban Loader roof box

The new and innovative Urban Loader roof box with an expandable loading volume provides additional cargo space and is perfectly suited for transporting shopping, bags, suitcases, pushchairs and sporting equipment along with many other everyday necessities. The loading volume of the roof box can be quickly and easily increased from 300 litres to 500 litres when needed. The zipper allows it to be opened on both sides for loading and unloading. The intelligent jointed steel frame with two springs enables simple opening and closing. Max. load capacity: 50 kg. Colour: Silver.

Art. no. 000.071.200.B .JKA

WOB OZ 1900
max. 60 kg

01



01

01 Volkswagen Genuine Micro II bicycle carrier for the spare wheel well
The folding bicycle carrier, developed exclusively for Volkswagen and made in Germany, can be attached to the towing hitch in a matter of moments using the quick-release fastener. It holds two bicycles or e-bikes weighing up to 60 kg and allows the rear hatch to be opened without any problem, even while carrying bicycles, using the practical folding mechanism. An integrated carry handle is mounted underneath the folding number plate bracket. While the anti-theft device makes life difficult for thieves, the smallest, lightest and most compact carrier in its class makes life easy for its owner: with 13 kg including a storage bag and folded dimensions of 23 x 58 x 64 cm. Supplied only in conjunction with the necessary, separately ordered filling piece, it ensures accurately-fitting storage in the Passat Estate spare wheel well. Only for the Passat Estate.

Art. no. 5G0.071.105	**Micro II bicycle carrier**
Art. no. 5G9.071.828. .041	**Filling piece for the spare wheel well**

01/02

Note

The carrier can be folded up with one step on the foot switch, making the luggage compartment accessible.

Note

The tail lights, bicycle rails and support frame can be easily folded up into a compact package for storage. When folded away, the tail lights sit within the carrier and are also perfectly protected during transport thanks to the practical storage bag.

01/02

03

04

02 Volkswagen Genuine Compact II bicycle carrier, folding

The small, light and compact bicycle carrier weighs only 14 kg and is made in Germany. It is capable of carrying two bicycles or e-bikes with a total weight of up to 60 kg. When mounted on the towing hitch, the bicycle carrier can be conveniently folded downward using the new foot switch to allow access to the rear hatch. When fully folded up, it can be stored in the luggage compartment in no time at all. A bicycle carrier for three bicycles is also available upon request. A practical storage bag is included in the scope of delivery. Folded dimensions: 24 x 58 x 62 cm (for two bicycles).

Art. no. 3C0.071.105.B	**Compact II bicycle carrier, for 2 bicycles**
Art. no. 3C0.071.105.C	**Compact II bicycle carrier, for 3 bicycles (not illustrated)**

03 / 04 Volkswagen Genuine Towing hitch including electrical installation kit

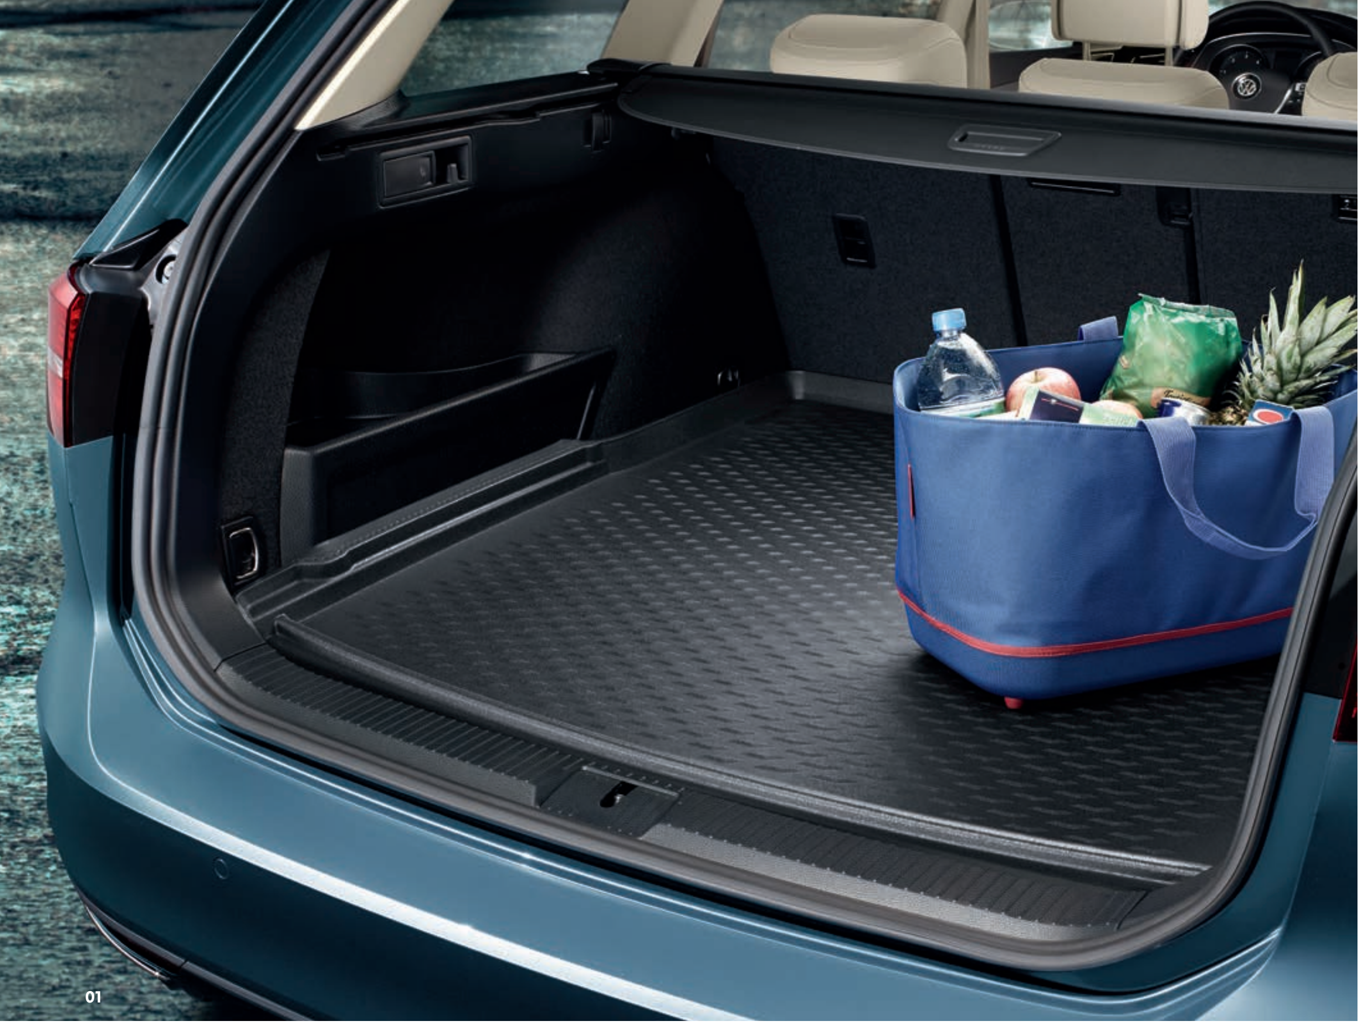
Whether you want to tow a boat, a caravan or need additional storage space – if you want to transport a trailer, you need a towing hitch. This is available as a fixed or a removable version. The 13-pin electrical installation kit is included in the scope of delivery and guarantees the electrical supply and thus safe trailer usage. Instructions for use can be found in the attached price list.

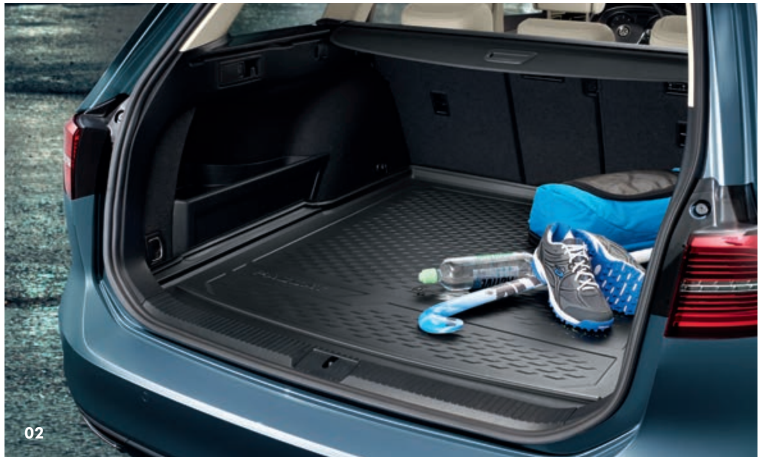
Art. no. 3G0.092.150	**Removable (Fig. 03)**
Art. no. 3G0.092.103	**Fixed (Fig. 04)**

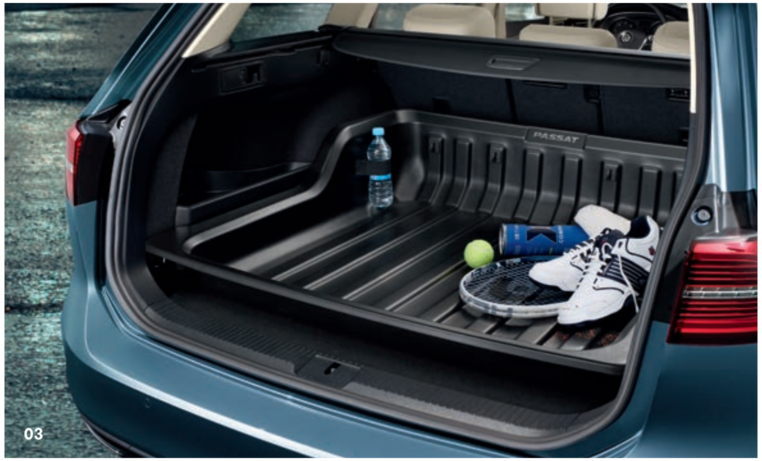
Management made easy.

Ensure that everything goes to plan even when on the move: with Volkswagen Accessories. That feeling, as if a swarm of assistants does nothing else the whole day other than take care of the safety and comfort on board your Passat. Discrete, hand in hand and especially successful.

Note
Figure left shows:
Luggage compartment tray Page 32







01 Volkswagen Genuine Luggage compartment liner
Precise protection in a light and flexible form: the anti-slip liner is designed to perfectly fit the shape of the luggage compartment and to reliably protect it from dirt and moisture. When not in use it can be rolled up and easily stowed away to save space.

Art. no. 3G5.061.160	**For Passat (not illustrated)**
Art. no. 3G9.061.160	**For Passat Estate**

02 Volkswagen Genuine Luggage compartment tray
A perfect fit: Can be wiped clean and is acid-resistant, the robust and durable luggage compartment tray with Passat lettering easily keeps your luggage compartment clean. With circumferential edging, approximately 4 cm high.

Art. no. 3G5.061.161	**For Passat (not illustrated)**
Art. no. 3G9.061.161	**For Passat Estate**

03 Volkswagen Genuine Luggage compartment loadliner
The high-cut luggage compartment loadliner with Passat lettering is extremely hard-wearing, acid-resistant and suitable for anything which tends to make a mess during transport, such as dirty shoes or plants. The loadliner protects the luggage compartment against all kinds of dirt and is easy to clean due to its smooth plastic surface and wide ribs. Stretch bands in the rear corners and a hook fitted to the rear wall provide effective attachment options. Only for the Passat Estate.
Art. no. 3G9.061.162

04

05

06

07

04 Volkswagen Genuine Reversible luggage compartment mat
Soft and gentle velour on the one side or sturdy, anti-slip plastic nubs on the other: The perfectly fitting, reversible luggage compartment mat has the right surface for all sensitive, dirty or damp goods. A built-in, robust protective cloth for the loading sill can be folded out from the reversible mat and thus is an effective help in avoiding scratches when loading and unloading. Only for the Passat Estate.
Art. no. 3G9.061.210

05 Volkswagen Genuine Luggage net
So that everything stays where it belongs: the tear-resistant luggage net is ideal for all of those small and medium-sized things you prefer to have stored safely in place. The luggage net is attached to the standard lashing eyes in the luggage space.

Art. no. 3C5.065.110	**For Passat (not illustrated)**
Art. no. 3C9.065.110	**For Passat Estate**

06 Volkswagen Genuine Partition grille
The partition grille separates the passenger compartment from the luggage compartment between the rear seat backrests and the roof lining. The robust, black, powder-coated steel grille is easily and comfortably attached behind the rear seat. Assembly is simple and requires no drilling of holes. The luggage compartment cover can also be used with the partition grille. Only for the Passat Estate.
Art. no. 3G9.017.221

07 Volkswagen Genuine Luggage compartment plug-in module
You can flexibly divide up the luggage compartment of your vehicle and prevent loads from slipping with the luggage compartment plug-in module. The luggage compartment plug-in module can be freely positioned along the outer edges of the loading surface and the plug-in module‘s telescopic rod keeps it firmly in place. Only for the Passat Estate.
Art. no. 000.061.166.A

Note

Thanks to the storage case included in the scope of delivery, the set can be easily and safely stored away.

01 “Volkswagen Edition” espresso machine including espresso pods
Ideal for espresso fans: you no longer have to find a service area to enjoy your coffee break. The mobile Espresso AutoSet means you always have your own small coffee bar on board. Simply stop for a break, connect the machine to the 12V socket inside your vehicle and enjoy a freshly brewed espresso. The set includes two break-proof espresso cups, a serviette and 25 espresso pods along with an elegant and practical storage case for the set.
Art. no. 000.069.641

02

03

02 Volkswagen Genuine Snakey headrest hook
Practical organiser in a twin pack: two-piece set for mounting on the front seat headrest bars. Simply hook on the things to be transported and off you go.

Art. no. 000.061.126.A .041 Colour: Black (2 pieces) (not illustrated)
Art. no. 000.061.126. .UHS Colour: Cornsilk Beige (2 pieces)

03 Volkswagen Genuine Clothes hanger[1]
Sometimes things just have to be crease-free: the stylish clothes hanger can be quickly and simply attached to the headrest bars on the front seats. You can hang up your shirts, jackets and other suitable articles of clothing, keeping them free of creases during transport.
Art. no. 00V.061.127

04 Volkswagen Genuine Waste container
Get rid of sweet wrappers and chewing gum quickly and easily thanks to the Volkswagen waste container. It can be simply placed in the cup holder and easily removed again when not required. Conveniently keeping the vehicle clean on long journeys.
Art. no. 000.061.142

05 Volkswagen Genuine Cool and thermos box
Snacks at the right temperature for every occasion. The energy efficiency class A++ box is connected via 12 V/230 V, in the vehicle or at home. Two-litre bottles can be transported upright in the box, which has a capacity of approx. 25 litres. It is delivered with battery discharge protection and a replacement insulation cover.
Art. no. 000.065.400.F

06 Volkswagen Genuine Clean Solution waste bag[2]
No waste, no worries: the waste bag can be attached flexibly to the headrest bars on the front seats. If a bag is taken out, a new one is automatically pulled into place. Included in the scope of delivery: two rolls, each with 50 bags.
Art. no. 000.061.107

---

[1] Only usable if a passenger is not seated in the rear seat behind it.
[2] Not for vehicles with electrical headrests.

Travel and convenience system
Practical, comfortable and flexible: The innovative modular travel and convenience system is a genuine all-rounder and contributes to a tidy and clear vehicle interior. In addition, important objects are within easy reach or easily operated by the passengers seated in the rear seat. The system consists of a base module which is fixed between the front seat headrest bars and various separately available additional modules. These include, for example, a portable clothes hanger, a robust bag hook, swivelling tablet holders for models from various manufacturers or an adjustable folding table with a cup holder[1]. The breaks in the journey will thus become a real pleasure and comfort for all the fellow passengers! For an overview of all modules available, see the summary below.

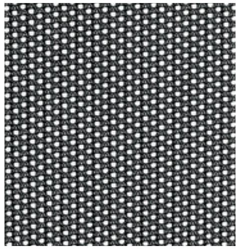
06 Volkswagen Genuine Door wind deflector
The optimal form of ventilation of the vehicle interior contributes to your driving comfort by improving the atmosphere inside the vehicle. Enjoy the circulating fresh air, even when it is raining or snowing, or avoid the unpleasant build-up of heat on hot days by opening the windows slightly. The low-maintenance, car-wash-resistant wind deflectors are manufactured from high-quality recyclable acrylic glass. Colour: Smoke Grey. For the front. 1 set = 2 pieces.
Art. no. 3G0.072.193.A

07 Volkswagen Genuine Park Distance Control, rear
The Park Distance Control system is automatically activated when the vehicle is put into reverse: Four sensors and an acoustic warning signal help the driver when reversing into a parking space.
Art. no. 3G0.054.630



NOTE

The specially designed structure of the sun blind provides perfect protection from the sun's rays and effective thermal insulation.

09

08 Volkswagen Genuine Cruise control system
Maintain your speed simply at the press of a button, and switch it on again after braking and/or changing gear by using the reset function. A maximum speed can be fixed using the additional “Speed Limiter” function which will not be exceeded, even at full throttle. Especially practical on long journeys or when travelling with a trailer. Only models with multifunction steering wheel.
Art. no. 3G0.054.690

09 Volkswagen Genuine Sun blind
Sometimes it‘s better to keep the sun out. For example, when your rear-seat passengers include children or pets. The Volkswagen Genuine sun blind can be used as optimal sun protection, as well as for thermal insulation – without impairing traffic safety. It can be used when the windows are closed as well as when they are open. One set for the rear window, rear door windows and luggage compartment side windows. Only for the Passat Estate.
Art. no. 3G9.064.365

01 Volkswagen Genuine Sill protector film Black / Silver
A detail which both looks good and is functional to protect the heavily used door sills in the front and rear entrance areas against scratches and damage. 1 set = 4 pieces.
Art. no. 3G0.071.310. .BXF

02 Volkswagen Genuine Loading sill protection film, transparent
The practical and perfectly fitting loading sill protection is made of transparent film and prevents damage when loading and unloading. For gluing onto the loading sill on the rear bumper. Also available in stainless steel look, see page 06.

Art. no. 3G5.061.197	**For Passat**
Art. no. 3G9.061.197	**For Passat Estate**

03 Volkswagen Genuine Mud flaps
Protect your own vehicle and the one behind from flying dirt, dangerous stone impacts and spray water with these extremely durable mud flaps. 1 set = 2 pieces.

Art. no. 3G0.075.111	**For front**
Art. no. 3G0.075.101	**For rear**

04 Volkswagen Genuine All-weather floor mats
Keeping the footwell clean all year round: The perfectly fitting and durable floor mat set with Passat embossing on the front mats does not just keep dirt and dampness away but also reduces smells and is 100 % recyclable. The front mats are attached to the vehicle floor using the integrated fastening system to prevent slipping. Colour: Black.

Art. no. 3G1.061.502. .82V	**For front, 1 set = 2 pieces**
Art. no. 3G0.061.512. .82V	**For rear, 1 set = 2 pieces**
Art. no. 3G1.061.500. .82V	**For front and rear, 1 set = 4 pieces**

05 Volkswagen Genuine Optimat textile floor mats
The “Optimat” textile floor mats combine the features of rubber floor mats with the elegance of textile floor mats. The U-shaped edge of these tailor-made textile floor mats safely retains dirt and moisture. The integrated fixing system and the anti-slip coating on the rear side prevent the mats from slipping. With Passat lettering on the front mats. 1 set for the front and rear = 4 pieces.
Art. no. 3G1.061.445. .WGK

06 Volkswagen Genuine Premium textile floor mats
The textile floor mats are perfectly shaped to fit the footwells and are made from hard-wearing, thickly woven velour. The front mats have Passat lettering. The front mats are fixed in place to prevent slipping using the points provided in the floor area. The anti-slip rear coating ensures the optimal positioning of the rear mats. Colour: Black. 1 set for the front and rear = 4 pieces.
Art. no. 3G1.061.270. .WGK

Big safety. For your little ones.

Music boxes, teething rings, picture books or story books, all ages have their own milestones – whether small or large. Every stage of development also has its own challenges. That is why we have developed child safety seats for each age group. Each one offers a convincing combination of high sitting comfort, easy handling and also exceeds the requirements of the ECE-R44/04 standard. All covers can be easily removed and can be washed at 30 °C. And the most important point: your child is well protected when travelling.

01

up to 15 months

up to 13 kg

02

8 months to 4 years

9 to 18 kg

03

3 to 12 years

15 to 36 kg

01 Volkswagen Genuine G0 plus ISOFIX
High protection and comfort for new-born babies and babies up to 13 kg or 15 months old: The ISOFIX fastening system ensures that the child seat with its base frame is securely fastened to the vehicle body. Without ISOFIX it can also be used with any 3-point belt. The child is securely held in the seat by a height-adjustable, 5-point full belt safety harness. Further features include an adjustable handle, an easily removable, washable fabric covering, a height-adjustable seat insert and a sun shade

Art. no. 5G0.019.907 **With ISOFIX**
Art. no. 5G0.019.900 **Without ISOFIX**

02 Volkswagen Genuine G1 ISOFIX DUO plus Top Tether
Great safety and seating comfort for children weighing between 9 and 18 kg (from eight months to about four years old). The height of the belt harness can be adjusted. Furthermore, the sitting position can be adjusted in multiple ways. In addition to the tried and trusted locking system using an ISOFIX connection, the seat is secured at the provided fasteners in the luggage compartment by means of the “top tether” connection in suitably fitted vehicles – thus providing additional hold.
Art. no. 5G0.019.909.A

03 Volkswagen Genuine G2-3 ISOFIT
Children aged between 3 and 12 years (15 to 36 kg) travel safely and comfortably thanks to the height-adjustable sleep supports and the possibility of individually adjusting the height and inclination of the seat to the needs of the child. The seat is attached using the vehicle‘s ISOFIX anchorage points. The child itself is buckled in using the 3-point seatbelt in the child‘s seat.
Art. no. 5G0.019.906

04 Volkswagen Genuine Additional interior rear view mirror

For better visibility and keeping a watchful eye on children travelling in the rear: The additional inside rear view mirror is fixed to the windscreen or the dash panel using a suction cup mounting and can be individually adjusted to take in the interior, the traffic or for parking, thanks to its flexible joint.

Art. no. 000.072.549.A

04

05

05 Volkswagen Genuine Seat cover

The optimum protection for sensitive seats: the easy-to-clean, anti-slip seat cover prevents dirt or wear, for example from child seats. Practical net pockets offer additional stowage space. Can also be used with ISOFIX seats.

Art. no. 000.019.819

03

01 Volkswagen Genuine Care and cleaning aids
The care and cleaning aids have been developed to work perfectly together in and on the vehicle. Every product is ISO-certified and has also been tested and approved by Volkswagen's central laboratory. For long-term, effective vehicle care which protects both the material and the environment. Please see the attached price list for more detailed information about the individual products along with the seasonal care and cleaning sets.

02 Volkswagen Genuine Breakdown assistance safety package
Volkswagen Genuine breakdown assistance safety packages contain a selection of products that may come in useful in the event of an emergency. These products are delivered in a robust bag with two non-slip hook and loop fastener strips on the lower side. See the attached price list for an overview of all available sets.

03 Fuel canister
A long journey and no service stations along the way? With the 5 litre fuel canister you are always on the safe side and can bridge the distance to the next service station. The canister comes with two filling tubes, one for diesel and one for the petrol.
Art. no. 000.093.060

04 Volkswagen Genuine Warning vest
The fluorescent safety vest with Volkswagen lettering and reflective strips is approved as per DIN EN 471. As of 1 July 2014, all drivers in Germany are required by law to carry a safety vest in the vehicle (with the exception of motorbikes and mobile homes); in some countries, a safety vest must be carried for all vehicle occupants. A storage bag is included in the scope of delivery. Colour: Orange.

05 Volkswagen Genuine Tow rope
Always on the safe side: the TÜV and DIN-tested tow rope can be used for vehicles with a gross weight of up to 2,500 kg.
Art. no. 000.093.014

06 Volkswagen Genuine Warning triangle
The intelligently designed warning triangle has ECE test certification, requires minimal storage space and can be set up quickly and safely thanks to its swivelling metal foot.
Art. no. 000.093.057

07 Volkswagen Genuine First aid kit
The DIN standard first aid kit is an essential companion in case of accidents. Meets the legal requirements of § 35h StVZO (German road traffic regulations) and DIN 13 164.
Art. no. 6R0.093.108

08 Volkswagen Genuine Snox snow chain (powered by pewag)
The innovative Snox system controls the snow chain tension completely automatically and adapts to the vehicle‘s current speed – smooth running is ensured. When the vehicle stops, the locks release automatically and the snow chain can be removed in any wheel position. A practical carry bag is included in the scope of delivery. Now with the new “Quick Release” function for easy removal of the chain.
Art. no. 000.091.387.AB

Questions of style: A matter for the boss.

No doubt about it: you are the boss in your Passat. You do not just determine where to go but also how. That is to say, in style, comfortably and with the right amount of exclusiveness. Of course, this can be achieved all the easier with the Volkswagen Lifestyle Collection. We hope you enjoy those little extra touches.

The complete Lifestyle Collection can be found at
